	<p>We do not require a portfolio for Admission into Millikin University or the School of Art and Creative Media. There is a review during student's sophomore year. We do offer talent scholarships and that information is available here: <a href="https://millikin.edu/art-creative-media/college-fine-arts-scholarship">https://millikin.edu/art-creative-media/college-fine-arts-scholarship</a></p>	<p><a href="https://millikin.edu/art-creative-media/college-fine-arts-scholarship">https://millikin.edu/art-creative-media/college-fine-arts-scholarship</a> And <a href="https://millikin.edu/scholarships">https://millikin.edu/scholarships</a></p>	<p>The arts are a living and vital part of Millikin's culture, as almost a quarter of Millikin students study within the College of Fine Arts. With art shows, concerts, theatre productions, and presentations every week, our campus is alive with the talents of our fine arts students. All students are welcome to experience the arts at Millikin through these venues, as well as through on-campus courses and off-campus and study abroad experiences. Through our vast array of musical, theatrical, and visual arts, students are continually being challenged and changed for the better in the College of Fine Arts.</p> <p>At Millikin, we believe that what makes us unique is not simply what you learn, but how you learn. Run your own arts business. Conduct graduate-level research, host an exhibition, work with clients. Take part in movie productions. Get a head start on your future. All starting on day one at Millikin University.</p>
	<p>Your portfolio is the most important part of your application. It is evaluated on artistic and conceptual content, design and composition, technical skill, and creative potential. Include the following four subjects in your portfolio: <i>Landscape, Still life, Interior space, Self-portrait</i> At least one of these subjects must be represented in an observational drawing. Do not work from photographs or another artist's work. Include a full value scale (from light to dark) and background. Use your eyes, imagination, and creativity. The remaining three subjects may be composed in the media of your choice. Additionally, include eight to sixteen pieces of finished artwork that show your technical skills and idea development. It helps to submit work from a variety of media to best demonstrate your abilities; any medium is acceptable. Sketches may only be submitted to show idea development of submitted completed pieces. More information at <a href="https://mcad.edu/admissions-and-aid/undergraduate/application-checklist#portfolio">https://mcad.edu/admissions-and-aid/undergraduate/application-checklist#portfolio</a></p>	<p>MCAD offers an Admissions Merit Scholarship to any student who is admitted. \$13,000 – \$20,000 per year, renewable for up to four years (a total of \$52,000 – \$80,000).</p> <p>Additional scholarships, aid, grants, or loans may be available through the information we received from the FAFSA.</p>	
	<p>Applicants are required to submit 12-15 of their strongest, most resolved works of Visual Art made within the last two years. These works can be created in any form of artistic media handed within our listed concentrations. At least two of the 12-15 work samples must be rendered from direct observation (not photo reference). More information <a href="#">HERE</a>.</p>	<p><u>Student Financial Services</u> Montserrat offers Merit Based Scholarships from within the Institution. We determine the scholarship amount based on the quality of the portfolio and a student's GPA</p>	<p>Montserrat is an Interdisciplinary program meaning artists have the ability to craft their own curriculum based on their career goals and take a flexible variety of courses in assorted media types. Montserrat's small campus and classroom size enables students, through a regular series of meetings with their Academic Advisor and Career Services, plan their goals and take courses which will prepare them in their desired media.</p>
	<p>Students can send us a portfolio of 8-12 images of work done in the last 2 years. It should be their best work and does not have to include images that are necessarily related to major of interest but can. 2-3 pieces of observational work is encouraged but not required.</p>	<p>Moore offers 100% of its accepted and enrolled students merit based scholarships, more information here: <a href="#">scholarships</a></p>	<p>Moore is a 170 year old art and design school located in the heart of Philadelphia. It is the first and only visual arts school for undergraduate women in the United States. We offer students an intimate, career-focused learning environment for those looking for future success in the growing and evolving fields of art and design.</p>

For more than a century, we've set the standard for arts learning: we established the first glass-blowing lab in the country, our printmaking programs are consistently ranked the best in the country, our art metals program is ranked among the top three, and we're home to internationally acclaimed faculty members and visiting artists.</p>
